

# Sensible Home Management

"Professional management at affordable prices"

## MOVE OUT GUIDELINES AND EXPECTATIONS

### GENERAL INFORMATION:

Proper written notice must be given and all rents and charges must be paid before moving. Any amounts left owing will be deducted from the security deposit as well as any applicable cleaning or damages charges.

### CLEANING:

In general, the condition of your rental must be left in the same detailed condition as when you moved in, excluding normal wear and tear. Areas of note to be cleaned are listed below:

1. Normal size nail holes are considered normal wear and tear. Please do not fill or patch holes or touch up paint as it will be necessary to charge you for wall repairs done incorrectly or unprofessionally. Walls and doors should be wiped clean as needed.
2. Cabinets, sills and shelves and exterior are to be wiped clean.
3. Vinyl floors are to be swept and mopped (No wax please).
4. Refrigerator is to be defrosted, wiped out and left on #2 setting, Flooring behind and underneath should be clean as well.
5. Stove top, oven and stove hood are to be cleaned. Drip pans must be cleaned and polished or replaced. Flooring underneath should be clean as well.
6. Dishwasher must be cleaned inside and out and in working order. A cup of household bleach run through the cycle is an excellent stain remover and disinfectant and it's also great for the garbage disposal as a weekly practice.
7. Bath area, tubs, showers, sinks and toilets are to be left clean and sanitary. Detailing is required. Again, household bleach is excellent. Please, DO NOT use any type of abrasive pads on shower enclosures. They will mar the surface badly. Clean mirrors and wipe out shelves and drawers.
8. Patio and storage areas are to be left clean and free of debris.
9. All windows and window tracks inside and out are to be cleaned as well as doors and door tracks.
10. All cob webs need to be swept down.
11. Carpets are to be vacuumed. We will have the carpets cleaned by our own vendor and deduct the charge from your security deposit. Please do not try to clean the carpets yourself.
12. Wipe down baseboards.
13. All light bulbs must be working.

The condition of your rental at the time of vacating will be inspected by the Residential Manager, who has the final authority to determine what charges are to be made, if any, in accordance with the conditions set forth in the Rental Agreement. A final walk through with us is requested, to ensure all decisions are in agreement.

THANK YOU AGAIN FOR STAYING WITH US!
